

Year 2 – Maths Home Learning

Week beginning: 8.6.20

Hello Year 2, we hope you enjoyed the maths learning last week. Hopefully you practised your multiplication and division skills Thank you to those children and parents who have sent some lovely emails showing us how you are getting on with your learning. We love seeing your wonderful work!

This week we are learning about fractions. The lessons and learning from the curriculum can still also be found on White Rose Hub.

<https://whiterosemaths.com/homelearning/year-2/>

There are no longer worksheets on this website that work alongside the lessons. However, you can find lots of ideas and practise, corresponding to each lesson, on BBC Bitesize:

<https://www.bbc.co.uk/bitesize/tags/z7s22sg/year-2-and-p3-lessons/1>

We have also **uploaded some worksheets** you can use for each lesson. Each day, have a look at the White Rose website for the learning and then you can practise using the BBCBitesize website or our worksheets.

Monday: Unit fractions

Tuesday: Non-unit fractions

Wednesday: Find a half

Thursday: Find a quarter

*There's a question about smarties on this sheet. You don't have to use smarties – you can use anything in your house!

Friday: BBC Bitesize maths challenge: Please log onto BBC Bitesize to see their exciting maths challenge this week!

If you are finding it hard to access this or need help with anything, please contact us.

If you would like to share any of this learning with your child's class teacher we would love to see it! Please email us (photos welcomed) at:

Peacock@stamshaw-inf.portsmouth.sch.uk

Puffin@stamshaw-inf.portsmouth.sch.uk

Penguin@stamshaw-inf.portsmouth.sch.uk

Remember there are also lots of maths games to try to keep practising your mental arithmetic and number knowledge. Please see the link on our website for a list of maths games (Home Learning – Year 2 – Maths Games).

Have fun!

The Year 2 Team x
